MR. A. ADAMS.

MRS. ADAMS SMOKED OUT

Leaves Home and Effects in Hands of Husband and His Friends—A Sing to be Remembered.

It was exactly 46 years at 9 o'clock Monday night since Mr. A. Adams, 3005 Thomas avenue took his first meal of warm milk and catnip tea. Since that day he has enjoyed the blessings of perfect health and has never missed a meal. Imbued with this and other good principles, he invited a few of his friends to join him in celebrating his 46th birthday anniversary with a smoker at his home. Mrs. Adams at first attempted to serve the hostess but was soon smoked out. She turned the job over to Mr. Will Branton, who served a four-course luncheon to a king's taste. The menu consisted of Oyster cocktail, stuffed tomatoes on lettuce leaves, combination salad, saltine crackers, ripe olives, chicken sandwiches, fruit punch, blue jay warble cigars. Those present were Messrs: H. Strickland, F. C. Rutherford, J. R. Jordan, Robert Mann, Elijah Cooper, A. S. Wells, J. A. Gilmore, Allison Wright, W. Sydney Pittman, Chas. T. Bracken, Ed Manning, G. Rastland, A. J. Turner, W. B. McShann, Jr. and M. H. McShann.

RESULTS OF 1919 SUMMER NORMAL

Dallas, Texas, Nov. 22.—The 1919 session of the Dallas Summer Normal was a success in all respects. Summer normals in Dallas have not been well attended during the last four years as it has been possible to secure a school building in which to hold the sessions, and for that reason the attendance decreased from fifty to seventy per cent. The enrollment since 1915, was from eighty to one hundred fifty, but forty was the best enrollment since 1915, this year being excepted.

This year the Board of Education granted the use of the Colored high school for the normal. Teachers were indeed happy to get back to the old campus and commodious building.

Seventy teachers were enrolled in the normal this year, an increase of seventy five per cent over the previous three years.

On the opening day, teachers were encouraged to make more of an intensive preparation for the examination. Grammar and superficial preparation was discouraged, and, at a very early date, teachers got down to hard work. From the systematic outline of each subject by the faculty teachers were able to make the necessary preparation to secure the desired certificate.

The following teachers secured certificates:

Permanent—J. H. Waller.

Primary certificates—Mrs. M. L. Dickerson, Mrs. Isa Ramsey.

First Grade—N. H. B. Elliot.

Second Grade 4 years—Misses Annie Porter, Elsie Roper, Mahala Stephens, Latha, Ruby Clay, Ada Hembra, Carrie Johnson, Mrs. E. J. Canton, Mrs. Fedora Prather, Mrs. R. E. Wyner, Mrs. W. B. Smith.

Second Grade 6 years—Miss M. A. Patterson, Ruby Ventres, Vera Nichols, Madams Virgil Quilla, Hannah Saunders, Eudora Rutsett, V. T. Tubbs, Niss L. Coleman, G. O. Shirley, Janie Jackson, W. B. Turner, H. T. Trigg.

C. W. Asberry and R. B. White were successful in subjects for building. Out of 35 who took the examination it will be seen that 29 were successful. This was the most successful normal ever held in Dallas and very likely in the state. We are looking forward for a large normal in 1920.
